

JUDGE PARKER ON CAMPAIGN FUNDS

Shows That Appeals of Democrats and Republicans Are Substantially Alike.

WALL STREET ALLIANCES

Republicans Seem to Have More Names Prominent Than Democrats Have.

Plattsburg, N. Y., Nov. 1.—Judge Alton B. Parker, in a speech here tonight, called attention to Col. Roosevelt's discovery of an alleged alliance between Mr. Dix and Wall Street, and said that the only evidence the colonel had pretended to adduce was a circular asking for funds, issued by the chairman of the finance committee of Tammany hall.

"I hold that circular in my hand," he said, "and also similar circulars issued by the Republican committee. In the appeals therein for funds, they do not differ in substance, but there are marked differences in the reasons assigned for the need of funds, as well as in the affiliations of the men who sign them."

"I cannot help feeling that the Democratic appeal is more impressive than that of the Republicans. They speak of the people who will be benefited by this election, whereas the dominant Republican thought appears to be of their party and what may or may not happen to it hereafter."

ISSUES IN FIGHT

"The Democrats say there are issues in this fight which so transcend in importance all parties, and so affect all who place patriotic aims above party, as to justify and require the giving of an opportunity to all to share in the work and have credit in the triumph. They point to the menace of the new nationalism, and the blighting effect it will have upon business and labor, to the extravagance of the party which has for so many years controlled the affairs at Washington and at Albany, and to the corruption of official life in Albany."

"The Republicans evidently are having a hard time in impressing the merits of their cause and their candidate upon the average business man of New York this year. They approach him with a false representation in their opening sentence—'This is not a circular,' they say, 'but an appeal to your patriotism.'"

"And how the Republicans do resent the efforts of the Democrats to gather in a little money for the legitimate expenses of their campaign. Their own cries for help have filled the air of Manhattan Island, south of Fulton street and when they discover a circular from Tammany, also asking contributions, for the legitimate expenses of its campaign, there were frantic calls for the police and loud demands for the colonel to just listen to this."

"The circular simply says that the Democratic party stands for tranquility and is opposed to the wild doctrines of Roosevelt, which would unsettle values and disturb business facts which the conservative forces of the country fully realize now, after the colonel's three weeks of strenuous campaigning. From the Republican point of view, it is the most lively ride for anybody but Republicans to look for funds in the business center of New York."

NAMES FROM WALL STREET

"I don't find on the Democratic circular the names of many Wall street men who would be supposed to have substantial influence with the Wall street brethren, but I do find a great volume and variety of Wall street interests represented among the signers of the Republican circular."

The speaker then mentioned, "for instance," the names of Cornelius Vanderbilt, Ogden Y. Mills, Otto T. Barnard, B. Aymar Sands, Cornelius X. Bliss and other men, as directors of corporations, financial institutions, etc., as being on the Republican circular.

"I present these facts to you," Judge Parker said in conclusion, "not in criticism of the efforts of these gentlemen to help their party, but solely to show how absurd is the colonel's contention that there can be any connection between Wall street and any body of men that is diligently seeking to promote the candidacy of Mr. Dix for governor."

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pain in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman after I had been a backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." — Mrs. EMMA LIME, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

MATERIAL DECREASE IN NUMBER OF IOWA FARMS

Believed to Correspond With Anticipated Decrease in the State's Rural Population.

Washington, Nov. 2.—During the last decade, Iowa has shown material decreases in the total number of its farms, farmers and the extent of farm acreage, but these losses are overshadowed by the enormous increases in the value of farm land, implements and buildings and the expenditures for farm labor. These facts are set forth in a statement issued by the census bureau regarding Iowa's agricultural statistics derived from the recent census of agriculture as a part of the thirteenth decennial census.

"This falling off in the number of farms," the statement says, "is one that has been anticipated by all students of agricultural conditions in Iowa and is believed to correspond quite closely with an anticipated decrease in the rural population in the state."

"The farm acreage reported in 1910, is 32,905,000 as compared with 34,574,000 in 1900, a decrease of 669,000 acres, or 1.9 per cent."

POSTMASTERS CHARGED WITH PENICIOUS ACTIVITY

Mexico, Mo., Nov. 2.—Congressman Charles Clark tonight wired Postmaster Gen. Hitchcock charging that several postmasters in the Ninth congressional district of this state were working against his candidacy.

"This falling off in the number of farms," the statement says, "is one that has been anticipated by all students of agricultural conditions in Iowa and is believed to correspond quite closely with an anticipated decrease in the rural population in the state."

"The farm acreage reported in 1910, is 32,905,000 as compared with 34,574,000 in 1900, a decrease of 669,000 acres, or 1.9 per cent."

SOCIETY WOMEN SIDE WITH MOB

Garbed as Working Girls Police Did Not Know Them So Arrested Them.

RELEASED AS SOON AS KNOWN

Miss Ellen Starr Says They Were Doing Absolutely Nothing Beyond the Law.

Chicago, Nov. 1.—Mounted policemen charged threatening mobs of striking garment workers and made numerous arrests in three sections of Chicago today, only to be dumbfounded when met by obdurate groups of well known club and society women, who produced calling cards at police stations in lieu of bail bonds. It was a new experience for the police, and plainly confused them. A score of these women champions of the garment workers, who faced today's rioting were taken into custody. They were immediately released, however, when their identity became known to the police.

One of them was injured when struck by a policeman's club, but her name did not become known, as she was hurriedly placed in an automobile and taken to her home.

Most of the women of prominence involved in today's demonstrations were garbed as working girls, and for this reason the police could not distinguish them from strikers until after arrests had been made.

RIOTOUS SCENES.

Riotous and spectacular scenes developed in the downtown district, on the north side and on the west side. More than 500 men and women engaged in a downtown demonstration, which was broken up by the police after considerable trouble. As they left their headquarters in La Salle street, the strikers and their sympathizers clanged bells, blew whistles and looted horns. The downtown line of march proceeded into the wholesale district near the river, passing before large tailoring establishments where employees were known to join the strikers. More than 2,000 took part in one of several demonstrations on the west side. In each instance women headed the crowds of strikers and their friends.

"I know they would not have let me go if I had not presented my card," said Miss Ellen Starr, one of the club women who has become a strike picket. "The only persons who were violating the law were the policemen, who treated us roughly and hurt dreadfully with their clubs some of the poor boys who were leading peacefully past the shops. If there had been a real riot this morning—and it would, notice have taken much to have made one—it would have been melted altogether by the police."

Miss S. M. Franklin, another of the volunteer pickets, was indignant because of the manner in which she had been treated by the police.

"I know they would not have let me go if I had not presented my card," said Miss Ellen Starr, one of the club women who has become a strike picket. "The only persons who were violating the law were the policemen, who treated us roughly and hurt dreadfully with their clubs some of the poor boys who were leading peacefully past the shops. If there had been a real riot this morning—and it would, notice have taken much to have made one—it would have been melted altogether by the police."

SOCIETY WOMEN VOLUNTEER.

Promises from well-to-do women to open their homes to destitute striking girls, volunteers for picket service from among women well known as social and club leaders, and pledges of any assistance within their power from many other women were received by Mrs. Raymond Robins, president of the Women's Trade Union league, today.

Helen M. Todd, a deputy factory inspector, who addressed a meeting of strikers today, volunteered to address a meeting of University of Chicago girls tomorrow night. Mrs. Robins will speak on the subject of the strike to the members of the Chicago Kindergarten institution. In this manner it is expected to carry the fight of the striking garment workers into every quarter of the state, and to secure valuable aid for the cause.

Mrs. Robins declared that at least 50 volunteer pickets from women's clubs and other sources outside the working girls will be actively engaged tomorrow, when further demonstrations are expected.

"We cannot give their names at this time," said Mrs. Robins. "We found it advisable in New York and I am sure we will here, to keep the police guessing as to who our pickets are."

Although several tailoring establishments where strike-breakers are being employed were stoned today, only a few persons were injured, and there were no fatalities.

THE NETHERLANDS WILL

REVISE THEIR TARIFF

Washington, Nov. 2.—A notable departure in the customs policy of The Netherlands is contemplated by the present cabinet of that state, according to a report, received here by the department of commerce and labor from Minister A. M. Beupre. The present tariff act, with the exception of a few amendments, dates back to 1862 and the rates of duty have been conspicuously low. The budget for 1911, however, as reported to the second chamber of the states general on Sept. 29 last, emphasized the considerable and increasing deficit of recent years and the financial situation brought forth an announcement from Queen Wilhelmina in her speech from the throne that a bill relating to the revision of the tariff would shortly be presented by the government.

For the ensuing year the government intends to derive large revenues from temporary measures, now in operation, imposing a sur-tax on private incomes and an excise duty on spirits. Besides the departmental appropriations mentioned in the budget the outlay for

the fiscal year will be augmented by large expenditures contemplated in bills for the insurance of workmen against pecuniary loss, from infirmity of old age or accidents, and in bills comprehending a plan for the construction and maintenance of coast defenses. The latter alone proposes an expenditure of \$15,000,000. The deficit shown by the budget itself being less than half this sum, \$7,500,000.

OLD EX-SLAVE NEGRO STARTING TO SCHOOL

Kansas City, Mo., Nov. 2.—Declaring it his life-long ambition to learn to read and write, John W. Smith, 63 years old, a negro and a former slave, last night appeared at the night school for negro children in Kansas City, Kan., and asked to be admitted. He will be enrolled but will have to pay \$1 a month tuition.

The old negro, who followed his owner, Col. Polk, in the Civil war when the master fought the Union troops, explained his ignorance by saying, "My old master was mighty good to me, but nobody used to think of teaching a slave to read or write. I have given all of my boys a good education and now I am going to have my turn. Almost everybody can read and write, and when I want to know what is in a paper, I have to get someone to read it to me."

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons. Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child, for they are mild and gentle in their effect and will cure even chronic constipation. Sold by all dealers.

LOT UNDER RECORD—HERALD BUILDING SOLD

Chicago, Nov. 2.—The lot under the Record-Herald building at 154-156 Washington street has been sold by the trustees for the clearinghouse banks to the Evanston hospital for \$248,668.

The lot was leased by John R. Walsh, the banker now in Leavenworth prison to the Chicago Herald company in 1889 for a term of 99 years, the lease stipulating that the annual ground rent should be 278,640 grains of pure unalloyed gold. Following the failure of the Chicago National bank, Mr. Walsh turned over the property to the banks in part satisfaction of what he owed them.

A BLACK HAND OUTRAGE.

Chicago, Nov. 2.—A bomb, believed by the police to have been thrown by the "Black Hand," wrecked the front of a building at 2107 South Clark street early today, throwing the owner, Anthony Frenzi, his wife and two children, who were sleeping on the second floor, out of their beds.

The explosion caused great excitement in the neighborhood, populated chiefly by Italians. Many windows in adjoining buildings were broken by the explosion.

Thousands now use This Recipe for Cough Syrup

Easily Made at Home. Costs Nothing if It Fails.

The speed with which this simple home mixture takes hold of a cough and conquers it will surprise you. The recipe given below makes more and better cough syrup than you can buy ready-made for \$2.50.

Mix one pint of granulated sugar with 2 pints of warm water, and stir for 5 minutes. Put 2 ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. It keeps perfectly for a year.

This gives almost instant relief, and usually stops a deep-seated cough inside of 24 hours. Splendid, too, for whooping cough, chest pains, bronchitis, hoarseness, etc. The taste is pleasant, and it is just laxative enough to help cure a cough. Its tonic properties restore the appetite which a cough tends to destroy.

This recipe is now used in thousands of homes in the United States and Canada. Its popularity has resulted in many imitations—none of them as good as the old successful formula. It will not work unless you use the pure, genuine Pinex, which is the most valuable concentrated compound of Norwegian white pine extract and the necessary quantity of galic acid and other healing pine elements.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will tell you where to get it. Send to The Pinex Co., Ft. Wayne, Ind.
